ABOUT US

Tile Matrix was developed to bring cutting edge design with a modern touch and most importantly, highest quality of materials. Since our founding in 1990 in India, our family-run business has a reputation for the best selection of quality flooring as well as excellent customer service. We have such an abundant variety of experience and products that we wanted to bring our expertise to the USA. Our first location in the United States is coming to the great city of Miami, Florida. We manufacture over 200 designs and have countless design options for hard surface flooring. Whether it is a small home improvement project or commercial real estate, we look forward to serving you! Our top priority is client satisfaction.

MISSION & VISION

Our priority is to provide clients with the highest quality of hard flooring at a competitive price paired with the best customer service. We can provide you with endless options that fit your style as well as your budget, unlike many big box home improvement stores. Since we have our own manufacturing plants, we are able to handpick our designs and we can guarantee our merchandise is the highest quality you will find. In the future, we also look forward to opening a showroom in South Florida highlighting our best-selling products with innovative designs.

Stone Punch
600x1200MM
Rustic

Tiles included in this set are as solid as the rock and as appealing as its aura. To bring the raw and authentic crux of the rock on the surface, we have developed this exclusive collection. The set precisely reflects the eminence and poise of its source of inspiration. The surface has the coarse grain-like effect and rough polish. It is an ideal pick for any outdoor setting and can also easily complement interior spaces as it has wear and tear resistant surface which also has a coat of grace and elegance.

Laminate Wooden

The tale of wooden
glory

Wilderness of the wood would amaze us all till eternity as it has captivating appeal and enigmatic charm. The same is wisely portrayed by us in this collection. To give you a break from otherwise too common wooden finish tiles, we have designed tiles that possess unique impressions of natural wood. We have used state of the art technology to draft long lasting and durable surface pattern. Besides, they can resist heat to a certain extent and don't get withered in the company of hot objects. Hence, they are ideal for a variety of application settings.

Beauty that lasts till
eternity

To bring the opulence of high-end aesthetics in your décor we present to you this interesting gamut of carving finish tiles. The idea executed here is such that instead of letting only the surface carry the design and pattern, the elements are instilled deep beneath the top-most layer with the deep punch effect. This modern technology lets the surface artwork develop a solid contact with the body of the tile and have a long lasting appeal.

HDVT

Inspired by the different avatars of the profound and magnetic ocean, this set of digital vitrified tiles is beautiful beyond words. It has unconventional designs and patterns that can adorn any and every space. Keeping the regular at bay; we have inculcated some of the quirky and out of the box designs in this set so as to bring forth unique portraits of the ocean at the surface. The same elegance gets a great push because of the high gloss finish. The top most surface is given the glare-free gleam that brings its inherent luster on the surface.

Sugar

Bringing the best of elegance and aesthetics together, we have developed this set of sugar finish tiles. Along with having the mellow surface shine these tiles also have the touch of rowdy appeal since the surface is treated specially with the application of sugar-like transparent granules. Once the application is done, the tiles are heated in the kiln which melts down the granules; creating a sparkling layer over the surface. The surface hence developed is resistant to scratches and slippage.
