THE JOURNEY OF ELEGANCE TILES

ELEGANCE
TILES

ABOUT US

Tile Matrix was developed to bring cutting edge design with a modern touch and most importantly, highest quality of materials. Since our founding in 1990 in India, our family-run business has a reputation for the best selection of quality flooring as well as excellent customer service. We have such an abundant variety of experience and products that we wanted to bring our expertise to the USA. Our first location in the United States is coming to the great city of Miami, Florida. We manufacture over 200 designs and have countless design options for hard surface flooring. Whether it is a small home improvement project or commercial real estate, we look forward to serving you! Our top priority is client satisfaction.

MISSION & VISION

Our priority is to provide clients with the highest quality of hard flooring at a competitive price paired with the best customer service. We can provide you with endless options that fit your style as well as your budget, unlike many big box home improvement stores. Since we have our own manufacturing plants, we are able to handpick our designs and we can guarantee our merchandise is the highest quality you will find. In the future, we also look forward to opening a showroom in South Florida highlighting our best-selling products with innovative designs.
